Symmetrical About Centerline

SNB-F16-02 Forward Tunnel Zee,
Make sure fuselage is square and Upper Longerons are
straight (giving 40" dimension as shown).
Note: If Zee is bowed when installed it may prevent
proper installation of wings.

Drill for Cherry CCC-46 Flush Blind Rivets, 36 places.
Rivets installed after wing rigging with rivets flush
on tunnel side. Prepare holes per Detail "R".

Cherry CCC-46 Flush Blind Rivets, 20 Required
